Denis Costelas

Oradea | +40774688755

costelasdenis@gmail.com | https://denosg.github.io/

A highly adaptable and disciplined software developer, I am eager to leverage my technical skills to contribute positively to both my team and the community. With a love for programming deeply ingrained in my work ethic, I find fulfillment in not only excelling in my own tasks but also in assisting and mentoring colleagues to achieve their goals. Known for my sociable and charismatic nature, I thrive in collaborative environments where teamwork and innovation flourish. Eager to continue making meaningful contributions and fostering growth within any project I work on.

EXPERIENCE

Software Developer | Mobile Developer   Jul 2023 - Present

Monad Systems, Oradea
We're a company that focuses on establishing long-term
relationships with customers. https://monad-systems.com/

- Played a pivotal role in developing a healthcare mobile application for a hospital client, focusing on front-end UI/UX design and functionality enhancements.
- Engineered custom UI screens and views for diverse user roles and use cases, ensuring an intuitive user experience.
- Improved the decryption/encryption process, reducing data loss from 25% to 0%, enhancing data security.
- Established a development environment and separated development from production environments for operational stability improving development process by 50%.
- Implemented Google Cloud Functions and Scheduled Cloud Functions using Node.JS, enhancing backend functionality.
- Actively participated in Scrum sprints, conducted code reviews, and contributed to documentation efforts.
- Implemented Unit Tests that improved reliability and code confidence by 55%.
- Implemented Test-Driven Development (TDD) methodologies to create a caching system, optimizing data retrieval efficiency and reducing server reading costs by 50%.
- Facilitated interdepartmental workshops and knowledge-sharing sessions, increasing team productivity by 25% and reducing project completion time by 15% through enhanced collaboration and streamlined processes.
