EDUCATION

Mathemathics and Informatics
Technical College Alesandru Papiu Ilarian

09/2018 - 06/2022   *Zalau*

Computer Science
Facultatea de Inginerie Electrică și Tehnologia Informației Oradea

10/2022 - Present   *Oradea*

PERSONAL PROJECTS

Fake Location
- This Android Java app lets users change their device's location to any place worldwide through a search bar. Users can save fake locations and receive reminders. It uses Google Maps API to display a world map with custom styling. More info in my GitHub repository. ⊡

QuestRealm
- Quest App is a cross-platform mobile application made with Flutter and Firebase Cloud Realtime Database + Authentication. It allows users to sign up and login to access quests, view rankings, and spin a daily gift wheel to win up to 75 points. The app has a user-friendly interface and customizable widgets that enable easy navigation and high performance. More info in my GitHub repository. ⊡

Tech News JSON Data
- I developed the Hacker News Top 10 app, an Android application that retrieves the top 10 news stories from the Hacker News API. I utilized asynchronous programming and worked with JSON data to parse responses. More info in my GitHub repository. ⊡

My Shop
- My Shop is a user-friendly Flutter app powered by Firebase's real-time database. The app allows users to easily post and get information, add or remove products, save and retrieve orders. It features a secure login and sign-up, an orders screen, and a cart screen for item tracking. More info in my GitHub repository. ⊡

Calculator Consum WebScraping
- Calculator Consum is a powerful and intuitive Cross-Platform app designed to help users calculate the cost of their fuel consumption with ease. It utilizes the latest technologies, such as WebScraping and asynchronous methods, to provide users with up-to-date fuel price information from www.plinul.ro . More info in my GitHub repository. ⊡

+ Many more projects in my GitHub account. ⊡

PROGRAMMING + TECHNOLOGIES

Dart   Flutter SDK   Java   Kotlin

Android SDK   SQLite   Firebase

ACHIEVEMENTS

1st Place County Phase TIC Olympiad
(05/2022 - 05/2022) ⊡

ORGANIZATIONS

ASIO (10/2022 - Present)
Volunteer

CERTIFICATES

ECDL (European Computer Driving Licence)
(11/2019 - 02/2022) ⊡

Java SoloLearn certificate (05/2022 - Present) ⊡

SQL SoloLearn certificate (05/2022 - Present) ⊡

LANGUAGES

Romanian   English
Native or Bilingual Proficiency   *Full Professional Proficiency*

INTERESTS
